## PREFACE

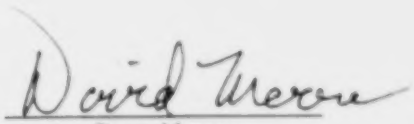
The ***Directory of Labour Organizations*** is a compilation of data on union membership and unions, congresses and other labour organizations operating in the Province of New Brunswick.

Entries in the Directory are based on the following five parts:

| Part | Type of Information |
|---|---|
| Part I | contains statistical tables on union membership by size, industry, gender and congress affiliation |
| Part II | lists international and national unions, as well as independent local organizations, either affiliated or unaffiliated to a central labour congress |
| Parts III – V | contain the names of labour representatives, officials of the Central Labour Congresses, the New Brunswick Federation of Labour and officers of construction associations and building and construction trades councils in New Brunswick |

Information contained in the Directory was obtained from a survey completed by representatives of various labour organizations. The cooperation provided by the organizations and representatives has been most useful and we would like to take this opportunity to express our appreciation for their assistance.

If you have any comments or would like to provide input on the Directory, please contact us at (506) 453-2261 or email us at: www. ir.ri@gnb.ca



Dave Moore
Director
**Industrial Relations Branch**

## SUMMARY

The year 2004 saw a 2.0% increase in New Brunswick's unionized workforce. This information is based on data maintained in the Industrial Relations Information System database.

Enhancements to the Industrial Relations Information System (IRIS) database provide for a more efficient delivery of statistical information and enable timely response to requests for information. This database continues to reflect the needs of the client-base and provides the search engine for the Collective Agreement Retrieval System (CARS) on the internet.

All collective agreements filed with this office are available on-line by accessing the CARS system or by contacting the Branch directly. Also available through CARS are binding arbitration awards, an electronic format of this directory and the quarterly publication, *Collective Bargaining in New Brunswick*.

For further information on the above, we can be reached by contacting the Branch at: (506) 453-2661 or email at www.ir-ri@gnb.ca

Note: Due to the absence of a regular employer-employee relationship, no statistical date relating to the Maritime Fishermen's Union has been included.

PART I

# STATISTICS ON UNION MEMBERSHIP

# IN NEW BRUNSWICK

# 2004

## SUMMARY

Based on information maintained, the New Brunswick's unionized workforce saw a 2.0% increase in 2004. Membership stood at 83,325.

This year saw changes to the publication with respect to format and compilation of data. Printed on each record is the last year information was provided to this office and personal information for the respondent is published only with their permission. Also, all employers with current agreements under the ***Industrial Relations Act*** are detailed in the "EMPLOYER SECTION" of the record.

The development and roll-out of the newly integrated Industrial Relations Information System (IRIS) took place in 2003. This database better reflects the needs of the client-base and provides the search mechanism for the Collective Agreement Retrieval System (CARS) on the internet. All collective agreements filed with this office are available on-line by accessing the CARS system. Also available through CARS are binding arbitration awards, an electronic format of this directory and the quarterly publication, *Collective Bargaining in New Brunswick*. For further information on the foregoing, please contact (506) 453-2661.

Note: Due to the absence of a regular employer-employee relationship, no statistical date relating to the Maritime Fishermen's Union has been included.

## GLOSSARY OF TERMS

*__UNION__ - The unit of labour organization that organizes and charters locals in the industries or trades as defined in its constitution, sets general policy for its Locals, assists them in the conduct of their affairs, and is the medium for coordinating their activities. Funds are obtained from the locals through per capita dues. Unions usually hold regular conventions of delegates from the locals at which general policy is set and at which officers are elected.

*__INTERNATIONAL UNION__ - A union that charters locals in the United States and Canada.

*__NATIONAL UNION__ - A union that charters locals in Canada only.

*__AFFILIATED UNION__ - A union that is affiliated with a central labour congress.

*__INDEPENDENT LOCAL ORGANIZATION__ - A local organization that is not formally connected or affiliated with any other labour organization.

*__LOCAL__ - The basic unit of labour organization formed in a particular plant or locality. The members participate directly in the affairs of their local including the election of officers, financial and other business matters and relations between their organization and employers, and they pay dues to the local. There are locals of international, national or regional unions, locals directly chartered by a central congress and independent local organizations. Sometimes unions have units, similar to locals, such lodges, branches, divisions or districts.

*__LOCAL OF AN INTERNATIONAL OR NATIONAL UNION__ - A local that is organized by or elects to affiliate itself with an international or national union. Per capita dues are paid to the parent union and in return certain services are rendered by the union.

*__DIRECTLY CHARTERED LOCAL__ - A local that is organized by, and receives its charter from a central labour congress and is not part of an international or national union. It pays per capita dues directly to the congress and receives services from the congress.

*__DISTRICT COUNCIL__ - An organization of locals of a union in a particular area formed to coordinate the activities of the locals in the district. District councils may hold meetings of delegates from member locals to deal with matters of interest to them and at which officers for the district are elected. District organizations are also known by such names as joint boards or conference boards.

*__ALLIED TRADES FEDERATION__ - An organization of unions or locals of unions in a particular area, functioning in the same industry, to co-ordinate the activities of the members and to deal with jurisdictional questions. Policies are established and officers are elected at meetings attended by delegates from member organizations. Trades federations may be known by other names such as union councils, union federations or joint councils, and they are most frequently found in industries organized along craft lines.

*__CENTRAL LABOUR CONGRESS__ - An organization having an affiliation with various unions, directly chartered locals provincial federations of labour, and local labour councils, for the purpose of broadly coordinating their activities at the national level including the relations between union and governments and establishing relations with organized workers internationally. Congresses hold annual or biennial conventions attended by delegates from affiliated organizations at which policies are established and officers elected. The congress also organizes local unions known as directly chartered locals. Funds are obtained through a per capita tax on all affiliates.

*__PROVINCIAL FEDERATION__ - An organization formed by a labour congress at the provincial level, which consists of the congress affiliate in the province. It functions similarly to the congress in the appropriate provincial area except that it does not charter local union. Funds are obtained through a per capita tax on affiliates.

*__LOCAL LABOUR COUNCIL__ - An organization formed by a labour congress at the city level. It is organized and functions in the same manner as a provincial federation, but within the scope of a city. Funds are obtained through a per capita tax on affiliates.
